

A Citizen's Guide To
**STATE
GOVERNMENT**

Dear Citizen:

It is of primary importance that the general public increase its participation in the decision-making process. In order to actuate this input, the citizen must acquire an understanding of the legislative structure and process and then organize concerted efforts to effectively demand representation.

Individuals can have an impact on specific legislative proposals, provided it is made at the appropriate time. Organized community and citizens' groups can multiply the impact of that individual effort.

Organizing citizens' groups to deal with specific community problems is extremely important. Such groups provide a focal point from which citizens can participate in the decision-making process and influence legislation.

The intent of this CITIZEN'S GUIDE is to provide some of the specific information needed to get in touch with the RIGHT PEOPLE AT THE RIGHT TIME to make your concerns heard. It is hoped that it will be a reference tool that will assist you in your efforts to be heard by public officials.

CITIZEN PARTICIPATION

“An informed and active citizenry is the lifeblood of a democracy.”

It is important in a democracy that citizens help keep their legislators informed. In order to be true representatives of the people, legislators need to know the thinking of their constituents on those issues upon which decisions will be made, and the facts on which such thinking and conclusions are based. As a citizen, *you* can help insure good legislation on state and national levels by communicating with your elected representatives at the proper time.

Too many people never have any contact with those who represent them in government—whose vote may decide what price they will pay for the acts of government, sometimes in terms of dollars, or in changes in standards of living, or in regulatory inconveniences.

Is There a Bill or an Issue of Particular Concern to You? Organize!

Forming a group to lobby for or against legislation is often more effective than individual efforts. A group is far more visible, has greater resources, and carries more political weight.

Organize a group of friends, co-workers, or neighbors around a specific issue of concern to all of you. Define your goals . . . identify tasks that are part of the plan . . . divide the work. (For instance, one person can research available material, another can keep track of the bill, several can attend all committee meetings, several can personally meet with the legislator, etc.) . . . KEEP INFORMED.

It is best for the group to meet informally or socially with legislators even before the group has specific legislative requests to make. Professional lobbyists specifically suggest this kind of personalized, informal contact. Friendly, personal acquaintance, and help at campaign time, form a strong basis for personal, or group, lobbying efforts.

Learn how the system works . . . find out how a bill becomes a law . . . learn the committee structure . . . find out which legislators are dealing with your area of concern . . . find out when and how to lobby. ALL THIS INFORMATION IS TO BE FOUND IN THIS GUIDE.

If you are interested in becoming actively involved in influencing legislation, here are some important points that will make your lobbying efforts more effective:

Personal Contacts

Personal contacts can be a meaningful way to influence a legislator.

1. Before contacting any legislators, take the time to read all available background material on the bill or issue which concerns you. Although it is obviously beneficial for you to know a great deal about the specifics of bills and issues, it is not essential that you know everything. The primary goal of your visit is to express your concern over a particular bill or issue.
2. Know when and where to contact a legislator. The best times to find a legislator in the office in Lansing are Tuesday, Wednesday, and Thursday. (House sessions are normally held on Tuesdays and Wednesdays at 1:00 p.m. and Thursdays at 10:30 a.m., while Senate sessions normally begin at 10:00 a.m. on Tuesdays, Wednesdays, and Thursdays.)

It is usually possible, when the House and Senate are in session, to send in a message to legislators informing them that you wish to speak with them. Check from the visitors balconies on the third floor (using the seating charts in this book) to see if the legislator you wish to meet with is in the chamber. The sergeant-at-arms on the second floor in front of each chamber will send your message to the Representative or Senator. It is generally, but *not always*, possible for a legislator to come out to meet briefly with you.

Occasionally, legislators will be able to see you if you simply walk into their office, but the best approach is to call ahead and make an appointment. Let the legislator know what you wish to discuss. If you cannot get an appointment, or if the matter is too urgent to wait for an appointment, do not hesitate to go to the office anyway. You may at least be able to talk to an aide, and you will have made them aware of your concern.

Calling your own legislator at home on the weekend sometimes makes sense on an issue of great importance or urgency. *Don't abuse* this method of contact.

3. If you have genuine expert knowledge, share it with the legislator. It will be welcomed. No legislator can be an expert on everything. (All views are important, but expertise is especially valued. Remember, any lobbyist's most useful role for a legislator is as a source of information.) If you have read the bill carefully and/or understand the issues involved as a result of personal knowledge or research, you may be of great assistance to the legislator.
4. Be constructive. If a bill deals with a problem you admit exists, but you believe the bill is the wrong approach, explain what you believe is the right approach. If you want to suggest amendments to a bill that has been introduced, it is important that you have: a) a clear idea of what you want to be included or deleted; b) the reasons to justify the proposed change; and c) good, strong facts to back up your position before you contact your legislator. If possible, leave copies of your position and/or suggested changes with the legislator.
5. It is usually a waste of time (for both of you) to lobby legislators who are already supporting your position, although they may be helpful in making suggestions for your lobbying efforts.
6. You do not need a crowd to lobby. One, or possibly two, well-informed lobbyists on the same subject are more effective and less confusing than a large group gathered at the same time.
7. When you introduce yourself, save time by making it clear who you are and what organization, if any, you are working with. If you are cooperating with some group from the legislator's home district, mention it, and the fact that the home district group may also be trying to reach the legislator.
8. Do not "overkill." Most legislators have many demands on their time. An elaborate sales job or long, emotional speech will not be appreciated. They do, however, want your well-prepared facts and views, presented in a straightforward manner. Make sure their time is well spent in talking to you. Stick to the issues that you came to discuss; don't wander into other issues.
9. It is easy, particularly when dealing with legislators who disagree with you, to become angry and frustrated. If you disagree, a calm, reasonable attitude and a set of well-prepared reasons for your position may change their minds on the issue. It is generally advisable not to get into arguments which may trigger prejudices. Remember, you may not have all the facts on an issue or bill.

Let legislators explain their views—listen without interrupting—they often have input from many resources to which you may not have access, such as fiscal agencies, state departments, other groups with expertise on the issue, and legislation from other states.

Take a few notes about their comments, noting any questions they have. Give the answers you know, and offer to get the others, if possible. Understanding their views of the facts and where they come from will help your organization develop counterarguments.

10. Don't demand a commitment before the facts are in. Give your legislator a fair chance to examine all sides of an issue.

The legislative process is very complex, and bills change their shape in committee and on the floor of both houses of the Legislature. A bill rarely becomes law in the same form as introduced. It is possible that the bill you supported originally is so changed in the process that you would oppose its final form.

A legislator may be forced to vote on the bill as a whole, weighing the good with the bad and the needs of all constituents and/or the state as a whole, rather than those of a particular group or individual.

Letter Writing and E-Mail

A personal letter or message via e-mail or the Internet may be the most effective way of contacting your legislator, whether in Lansing or Washington. Consult the Congressional (p. 4), House (p. 31), and Senate (p. 53) directories in this guide to find the addresses of Michigan legislators.

If you're new at this type of letter writing, here are some suggestions on how your letters can be most effective:

1. **ADDRESS IT PROPERLY:** Know your legislator's full name and correct spelling. For specific addresses, see individual lists. Examples:

U.S. SENATOR
The Honorable (full name)
United States Senator
Address

Dear Senator (last name):

U.S. REPRESENTATIVE
The Honorable (full name)
United States Representative
Address

Dear Congressman/woman (last name):

STATE SENATOR
The Honorable (full name)
State Senator
State Capitol
P.O. Box 30036
Lansing, MI 48909-7536

Dear Senator (last name):

STATE REPRESENTATIVE
The Honorable (full name)
State Representative
State Capitol
P.O. Box 30014
Lansing, MI 48909-7514

Dear Representative (last name):

2. ALWAYS INCLUDE YOUR LAST NAME AND ADDRESS ON THE LETTER ITSELF (printed or typed). A letter cannot be answered if there is no return address or the signature is not legible.
3. USE YOUR OWN WORDS. Avoid form letters and petitions. They tend to be identified as organized pressure campaigns and are often answered with form replies. However, a petition *does* let the legislator know that the issue is of concern to a large number of people (addresses with zip codes should be given for each signature). One thoughtful, factual, and well-reasoned letter carries more weight than 100 form letters or printed postcards.
4. TIME THE ARRIVAL OF YOUR LETTER. Try to write to your legislator, and the chairperson of the committee dealing with a bill, while a bill is still in committee and there is still time to take effective action. Sometimes a bill is out of committee, or has been passed, before a helpful, informative letter arrives which *could* have made a difference in the way the bill was written or in the final decision.
5. KNOW WHAT YOU ARE WRITING ABOUT. Identify the bill or issue of concern to you. Thousands of bills and resolutions are introduced in each session. If you write about a bill, try to give the bill number or describe it by popular title, such as “the Whistleblower’s Act,” or “the School Code.”
6. BE REASONABLY BRIEF. Many issues are complex, but a single page, presenting your opinions, facts, arguments, or proposals as clearly as possible, is preferred and welcomed by most legislators.
7. GIVE REASONS FOR YOUR POSITION. Explain how the issue would affect you, your family, business, or profession—or the effect on your community or our state. If you have specialized knowledge, SHARE IT WITH YOUR LEGISLATOR. Concrete, expert arguments for or against the bill can be used by the legislator in determining the final outcome of a bill.
8. BE CONSTRUCTIVE. If a bill deals with a problem you admit exists, but you believe the bill is the wrong approach, explain what you believe to be the right approach.
9. GROUPS AND INDIVIDUALS SHOULD DETERMINE THEIR PRIORITY CONCERNS and contact the legislator on those *specific* issues rather than on *every* issue. The “pen pal” who writes every few days on every conceivable subject tends to become a nuisance, rather than an effective voice of concern.
10. YOU MAY NOT ALWAYS RECEIVE A LONG, DETAILED RESPONSE to your letter. Legislators are very busy and usually cannot respond with long, personal replies to each correspondent.
11. WRITE A LETTER OF APPRECIATION when you feel a legislator has done a good job. Legislators are human too and seldom receive “thank you” letters of encouragement.

Remember, on any one issue, even a few letters to one legislator can have an important impact. Sometimes just one letter, with a new perspective, or with clear-cut, persuasive arguments can be the decisive factor in a legislator’s action.

* * * * *

If you decide you want to be further involved in the future of a particular bill, KEEP TRACK OF THE BILL. Consider testifying on it before a committee. There may also be a public hearing on it in your area.

Information on testifying is included in the section on “Committees.”

THE THREE BRANCHES OF MICHIGAN STATE GOVERNMENT

JUDICIAL BRANCH

EXECUTIVE BRANCH

LEGISLATIVE BRANCH

INFORMATION ABOUT ELECTED PUBLIC OFFICIALS REPRESENTING YOU AT THE STATE LEVEL

In addition to the Governor and Lieutenant Governor, Michigan's voters elect two other executive branch officials statewide—the Secretary of State and Attorney General. While candidates for the Office of Governor are chosen in the August primary election, candidates for the others are nominated at the regular party conventions. All of these officials are elected concurrently to four-year terms in the even-numbered year between presidential elections (voters cast one vote jointly for Governor and Lieutenant Governor). An amendment to the Constitution adopted by the voters in 1992 limits these elected executives to two terms (eight years). This limitation applies to terms of office beginning on or after January 1, 1993.

THE MICHIGAN SUPREME COURT

The Supreme Court is the highest court in the state, hearing cases appealed to it from the Court of Appeals. In addition to its judicial duties, the Supreme Court is responsible for the general administrative supervision of all courts in the state. The Supreme Court also establishes rules for practice and procedure in all courts.

The Supreme Court consists of seven justices: the Chief Justice and six Associate Justices. The justices are elected to serve eight-year terms. Every two years one justice is selected by the court as chief justice. Although justices are nominated by political parties, they are elected on a nonpartisan ballot. A candidate for the Supreme Court must be a qualified elector, licensed to practice law in Michigan, and at the time of election must be less than 70 years of age.

YOUR MICHIGAN LEGISLATURE

Michigan's Legislature is a sovereign and independent branch of state government vested with the power to enact laws by which the actions of the government and the people are regulated and protected.

The first Michigan Legislature, consisting of 16 Senators and 50 Representatives, met in the first Capitol in Detroit, which served as our state's capital city until 1847, when it was moved permanently to Lansing. Today's Legislature consists of 148 members, 110 State Representatives and 38 Senators, sent to Lansing by the voters of their separate districts. These men and women share an important trust and responsibility as expressed by one of the fundamental provisions of the Michigan Constitution of 1963:

The public health and general welfare of the people of the state are hereby declared to be matters of primary public concern. The Legislature shall pass suitable laws for the protection and promotion of the public health.

The direct link between the people and their legislators is reflected in the declaration at the head of every law, which reads:

The People of the State of Michigan enact:

The Michigan Legislature convenes in annual session at noon on the second Wednesday in January of each year. Each session continues until the members agree to adjourn sine die (without day), subject to interim recesses. Special sessions of the Legislature may be called by the Governor but are limited to the consideration of subjects the Governor places before the Legislature.

The Legislature is apportioned every ten years after the official total population count of each federal census so that each representative and senatorial district has as nearly equal population as possible. Based on the 2000 census, each of the 110 State Representative districts has approximately 90,000 residents and each Senate district 262,000 residents.

Except for certain criminal convictions, any person 21 years of age who is a United States citizen and a registered voter in the district to be represented can be elected to either house of the Legislature. However, a legislator can hold no other public office except notary public. In addition, an amendment to the Constitution adopted by the voters limits State Representatives to three terms (six years) in the House of Representatives and State Senators to two terms (eight years) in the Michigan Senate.

The present Capitol was formally opened on January 1, 1879. This magnificent structure, which was rededicated on November 19, 1992, has been restored to the splendor of its original condition. The Legislature consists of two chambers. The Senate Chamber is located in the south wing of the second floor and the House Chamber is in the north wing of the second floor. The floors of the chambers are not open to the public during legislative sessions, but visitors are welcome to view the sessions from the balconies overlooking the chambers which are located on the third floor.

Both chambers are equipped with a public address system and an electronic voting system to record votes.

The presiding officer of the House is called the Speaker (elected from, and a member of the House of Representatives). The Speaker Pro Tempore and Assistant Speaker Pro Tempore, who are also elected from and by House members, preside when the Speaker is absent or wishes to participate in debate. The Constitution provides that the Lieutenant Governor shall be the President of the Senate, but shall not have a vote unless the votes are equally divided. The Senate elects a President Pro Tempore, an Assistant President Pro Tempore, an Associate President Pro Tempore, and an Assistant Associate President Pro Tempore from its membership.

The House sessions are normally held on Tuesdays and Wednesdays at 1:00 p.m. and Thursdays at 10:30 a.m. Senate sessions normally begin at 10:00 a.m. on Tuesdays, Wednesdays, and Thursdays. In addition, both houses, on occasion, convene on Mondays and Fridays. However, either house may designate a different hour for convening.

The proceedings of each day's work are published in the Journals of both chambers. In addition, the records of committee action on all bills and resolutions are available for public inspection.

To make certain every member has the opportunity to become acquainted with legislation, bills in the regular sessions must be printed or reproduced and in the possession of each house for at least five days before they can be passed. Every bill must be read three times before it can be passed. The final vote on each bill is recorded in the Journals.

All laws must be published in their original words and be made available to the public within 60 days of the adjournment of each regular session.

During a two-year session, the Legislature will introduce approximately 3,500 bills—700-800 of these will become law. Proper consideration of the bills requires organization, time, and hard work. Legislators and legislative committees spend many hours of work on each bill before the bill is sent to the floor of either house for consideration. The floor debate on a bill, seen by a visitor, is only one of the stages of the legislative process.

The people can force the enactment of laws, or reject some laws passed by the Legislature, through the process of petition—submitted to the electorate at the next general election or special election as set forth by the Legislature:

- 1) The INITIATIVE petition, requiring 254,205* signatures of registered voters, is used to propose laws and to enact or reject laws.
- 2) The REFERENDUM petition, requiring 158,878* signatures of registered voters, is used to approve or reject laws enacted by the Legislature.
- 3) The CONSTITUTIONAL AMENDMENT, requiring 317,757* signatures of registered voters, is used to amend the Michigan Constitution.

*In each case, a percentage of the total vote cast for all candidates for Governor at the last preceding general election at which a Governor was elected. 1) 8%; 2) 5%; 3) 10%.

HOW A BILL BECOMES A LAW

1. A bill is introduced in either the Senate or the House. Sometimes identical bills are introduced simultaneously. The bill receives a **FIRST READING** in the House and a **FIRST AND SECOND READING** in the Senate (at which time the title is read). Then either the Majority Leader of the Senate or the Speaker of the House refers the bill to an appropriate standing committee (Education, Commerce, Health, and Human Services, etc.). If the bill is a budget bill or has fiscal implications, it will be referred directly to the Appropriations Committee or to an appropriate standing committee and then to the Appropriations Committee.

2. In committee, the bill is discussed and debated. Public hearings may be held. Not every bill in the committee will be considered. The committee may take several different actions:
 - Report the bill with favorable recommendation.
 - Add amendments and report the bill with favorable recommendation.
 - Report the bill with the recommendation that a substitute be adopted.
 - Report the bill with adverse recommendation.
 - Report the bill without recommendation.
 - Report the bill with amendments but without recommendation.
 - Report the bill with the recommendation that the bill be referred to another committee.
 - Take no action on the bill.
 - Refuse to report the bill out of committee.

3. If a bill is reported out favorably or a substitute is offered, the bill is returned to the Senate or House where it receives a **GENERAL ORDERS** status in the Senate and a **SECOND READING** status in the House. The Senate resolves itself into the Committee of the Whole and the House assumes the order of **SECOND READING**. At this time, committee recommendations are considered and amendments may be offered and adopted. The bill then advances to **THIRD READING**.

4. Upon **THIRD READING** in the Senate, an entire bill is read unless unanimous consent is given to consider the bill read. In the House, the bill is read in its entirety on **THIRD READING** unless four-fifths of the members consent to consider the bill read. At **THIRD READING** the bill is again subject to debate and amendment. At the conclusion of **THIRD READING**, the bill is either passed or defeated by a roll call vote of the majority of members elected and serving OR one of the following options may be used to delay final action:

- Refer bill back to committee for further consideration.
- Postpone bill indefinitely.
- Make the bill a special order of business on **THIRD READING** for a specific date.

or

- Table the bill.

Following either passage or defeat of a bill, a legislator may move to have the bill reconsidered. In the Senate, the motion must be made within the next two session days; in the House, within the next succeeding day.

5. If the bill passes, it goes to the other house where the same procedure is followed. If the bill is passed in the same form by both houses, it is ordered “enrolled” in the house in which it originated. It then goes to the Governor for his or her signature.

6. If the bill is passed in a different form by the second house, the bill is returned to its house of origin. If this house accepts the changes, the bill is enrolled and sent to the Governor. If the changes are rejected, the bill is sent to a conference committee which tries to resolve differences. If the first conference report is rejected, a second conference committee may be appointed.

7. The Governor has 14 days after receiving a bill to consider it. He or she may:

- Sign the bill. The bill becomes law either 90 days after the legislature adjourns sine die* or at a later date specified in the bill. If the bill has been given immediate effect by a 2/3 vote of the members elected and serving, it becomes law upon the Governor's signature.
- Veto the bill (which would then require a 2/3 vote to override). See No. 8 below.
- Neither sign nor veto, in which case the bill becomes law 14 days after reaching the Governor's desk unless the legislature adjourns sine die within the 14 days. In that case the bill does not become law.

8. If the Governor vetoes a bill while the legislature is in session or recess, one of the following actions may occur:

- Legislature may override the veto by a 2/3 vote of the members elected and serving in both houses.
- Bill may not receive the necessary 2/3 vote and thus the attempt to override the veto will fail.
- Bill may be tabled pending an attempt to override veto.
- Bill may be re-referred to a committee.

* at the end of the year

COMMITTEES

(All committees and subcommittees are listed in the section following)

How They Work

When a bill is introduced in either the House of Representatives or the Senate, it is sent to one of the committees in its own house which deals with that particular type of issue. At the point of introduction, the bill will be given a number and copies will shortly be available from the legislative document room.

There are 22 standing House committees and 17 standing Senate committees. These committees contain from 5 to 29 members. The Appropriations Committees are divided into subcommittees where bills with monetary implications are assigned for discussion, analysis, and revision before being presented to the full committee for action. (See subcommittee section for chairpersons and members.)

There are several other types of committees set up by the legislature to achieve certain goals. Special committees may be created by a House or Senate Resolution and appointed by the Speaker and/or the Senate Majority Leader, and are generally appointed to serve during a specified time period. The number of members of these committees will vary according to the specifications of the Resolution. For the most part, these committees are used to study and investigate topics of special interest, such as railroads, aging, urban mass transportation, nursing home issues, etc.

Another type of committee is the joint committee. Several of these are established by statute, for example: the Committee on Administrative Rules and the Legislative Council. These committees, like standing committees, are appointed for two-year periods, but membership consists of both Senators and Representatives.

When a bill is referred to a standing committee, the members of that committee have a choice in the actions they may take on any bill: report a bill with a favorable recommendation—or without recommendation; report a bill with amendments—with or without recommendation; report a substitute bill in place of the original bill; report a bill and recommend that it be referred to another committee; or take no action on a bill (committees are not required to “report out” a bill).

Although one of the chief functions of a committee is to “screen out” undesirable bills, arbitrary refusal of a committee to report a bill can be remedied by a motion to “discharge the committee from further consideration of the bill.” If the motion is approved by a majority of members in the respective house, the bill is placed on the order of Second Reading in the House or General Orders in the Senate.

As a rule, all standing committee meetings are open to the public. Exceptions are extremely rare. Most committee business is conducted during the meeting. All committee action requires the approval of a majority of those appointed and serving on the committee. If there are a sufficient number of “yes” votes, the bill is reported out.

Members are usually given at least one day’s notice of all committee meetings. There is an informal schedule of committee meetings which indicates what day and time committees are meeting each week (see listing on pages 68 and 71). Public hearings are announced at the end of the daily House or Senate sessions and appear on the calendars (available daily during sessions from the document room). The notice for such hearings gives the time, date, place and subject matter.

Testifying Before a Committee

If you become aware that a particular bill of interest to you has been introduced, **KEEP TRACK OF IT.** Find out, from the Clerk of the House, the Secretary of the Senate or an interested organization, which committee the bill was referred to. You may then write a brief letter to the Committee Clerk for that committee (see committee lists), asking to be notified when the bill is put on the committee agenda for discussion or is

scheduled for a public hearing. (Be sure you send your name, address, and telephone number.) You may also write to the Chairperson of that committee requesting that the bill be put on the agenda or scheduled for a hearing. Sometimes only a volume of letters on a particular bill will assure that it receives a committee hearing, since not all bills are “automatically” considered—many die without ever having been considered by a committee.

It is important to note that attention given to bills in regular committee meetings may not be as extensive as in a public hearing because of time limitations. A committee may be regularly scheduled to meet for an hour, and may need to consider three or four bills during that time. A public hearing, on the other hand, may hear testimony on a single issue for more than three hours. However, only major pieces of legislation or bills in which there is widespread interest will normally be scheduled for public hearings.

When a bill is scheduled on the committee agenda for consideration, and if you have an active interest in the legislation and feel there are contributions you can make to the committee process, you may decide to testify at either a meeting or a hearing. The purpose of testimony given should be informational so that committee members can vote on the bill with as full an understanding as possible of all sides of the issue it addresses, and the consequences of its passage. In a meeting, the sponsor, experts on the problem, and informed members of the public will normally be heard. If the measure is controversial or additional information is needed before a decision can be reached by the members, most committees will gladly put the bill over to a future meeting or even a public hearing.

If you find out about a bill after it has passed in its house of origin, you still may have the opportunity to be heard before the committee in the other house to which it has been referred.

The following guidelines are suggested to assist citizens in making their testimony influential and effective:

1. **WRITE** to committee members and to your own legislator, simply expressing support or opposition to the legislation. (See citizen participation section.)
2. **IF YOU DECIDE TO TESTIFY**, notify the committee as soon as possible of your desire and, as a courtesy, let your legislators know that you’ve asked for time to present testimony.
3. **IF YOU REPRESENT A GROUP OF INDIVIDUALS OR AN ORGANIZATION**, choose one person to present the group’s point of view and bring others along as supporters. (No committee wants to hear the same testimony over and over.)

4. **PREPARE TESTIMONY AND/OR SUGGESTED AMENDMENTS IN ADVANCE.** Read the bill carefully and any available analyses. Do research, if necessary, be sure that all your facts, background material, and figures are accurate. Consult with others to determine the scope of the issue and clarify what you, or the group, want to cover in your testimony.
5. **PREPARE A CLEAR, CONCISE WRITTEN STATEMENT** which has been thoroughly proofread for errors and review it with others who have the same interest.
6. **WHEN YOU TESTIFY**, identify who you are and, if you represent a group, give the name of the group. At the beginning of your remarks, state whether you are testifying in support or opposition of the proposal or bill. Relate your group's or your own experience or views directly to the issue.
7. **KEEP YOUR TESTIMONY SHORT AND TO THE POINT.** If your testimony is lengthy and complex, it is best to offer highlights at the hearing and request permission to place your complete position and supporting material in the record. Anything you present in writing will be placed in the committee members' files and will be available to them at any future meetings. If possible, have copies of testimony available for committee members and staff.
8. **AVOID EMOTIONAL SPEECHES AND PROPAGANDA.** Your role is an important one—don't abuse it. This is the surest way to invite a hostile reaction and alienate the very committee members you are trying to persuade to your point of view.
9. **IF YOU ARE ASKED A HOSTILE QUESTION**, keep a cool head. Don't be afraid to stop and think for a minute to answer a question properly. If you don't have the answer, never guess—request permission to file a detailed response at a later date.

Without the support of the committee involved, the bill or proposal you are interested in may never make it to the floor to be voted on. Even if you prefer not to testify, your attendance at a hearing and personal correspondence with committee members and your own legislators are important in influencing the decision-making process.
